

TiTaN, the leaders in chemical process equipment design and manufacturing, offers a wide range of exotic metal agitators (mixers) for diversified industrial applications.

➔ TYPES WE OFFER

- Anchor / Turbine type ←
- Axial / Radial flow type ←
- Propeller / Paddle type ←
- Static / High shear type ←
- Top entry / Side entry type ←
- Single / double / blade type ←
- Three / Four / multiple blade type ←

STANDARDS WE FOLLOW ←

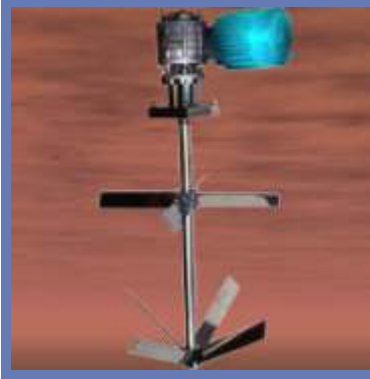

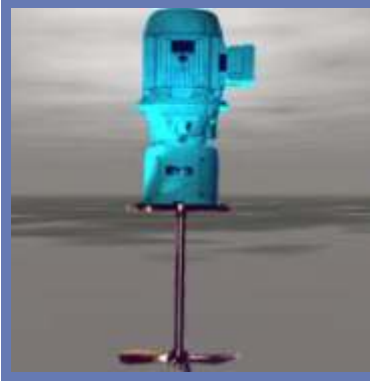

- ➔ ASME SEC. VII DIV.1
- ➔ ASME SEC. IX
- ➔ ASME SEC. V

➔ SPECIAL FEATURES

- Minimum deflection of shaft ←
- Suitable for both exothermic ←
and endothermic reaction

MATERIALS WE HANDLE ←

- ➔ Titanium / Tantalum
- ➔ Zirconium / Niobium
- ➔ Nickel / Monel
- ➔ Inconel / Incolloy
- ➔ Hastelloy / Duplex
- ➔ Super Duplex

Titanium Tantalum Products Limited
Estd. In 1981 ISO 9001 - 2000 Certified

EXOTIC METAL AGITATORS

86/1, Vengaivasal Main Road,
Gowrivakkam, Chennai 601 302, India.

Fax : +91 22 22780209
E-mail : equipments@titanindia.com

➔ APPLICATION AREAS

- Refineries ←
- Chlor-alkali industries ←
- Pulp & Paper industries ←
- Agrochemical industries ←
- Petrochemical industries ←
- Pharmaceutical Industries ←
- Food processing industries ←
- Precious chemical industries ←
